

Genealogy of Disciples in Kokugaku

Motoori Faction

Hirata Faction

These two lineage charts show the schools of Motoori Norinaga and Hirata Atsutane. The number of their disciples is so large that the charts show only the names of those who are mentioned in this encyclopedia. Because there are so many explanations regarding master and disciple relationships, the most probable genealogy is adopted in these charts. Names marked by asterisks(*) are not mentioned in encyclopedia entries; however, they are provided for reference.
